

# PRAYER FLASH MOBilisation

- calling an evening of Positive Prayers  
for the Weston General Hospital

An opportunity for concerned local Christians to come together - without a specific mandate or solution - to hear about and then PRAY into the issues affecting the services that our local hospital provides.

Invited guest speakers will briefly present key facts and information - we will then take time to listen to God as we pray into the situation in small groups.

This is **NOT** a political / lobbying rally  
or a public debate.

**We believe that 'Prayer Changes Things!'**  
If you care about Weston General Hospital -  
join us and be part of these informed prayers  
for positive outcomes for the benefit  
of all at the hospital and our community.

**Wednesday 10th January 2018 at 7.30pm**  
**Emmanuel Church | Oxford Street | WsM | BS23 1TN**
